Secretary Wilson Thinks People Should Get Accustomed to Eating Mutton.

Washington, September 29.—"I see no hope of beef getting much cheaper," said Secretary Wilson, of the Depart-ment of Agriculture, to-day. Fresh from a vacation in the West, Mr. Wilson declared there was a much greater scarcity of cattle than he had realized.

The breeding grounds of stock cat-"The breeding grown, "heretofore sent tle," said Mr. Wilson, "heretofore sent to the cornfield to be finished by fat-to the cornfield to be finished by fatto the cornfield to be finished by fat-tening on corn, cannot furnish much more of that class of cattle. Home-steaders have compelled the ranchmen to dispose of their cattle stock. There is a supply of meet that people should become accustomed to eating—mutton. Mutton on the hoof is less than half the price of beef."
